

## Field Intern Position Description

The Florida Springs Institute (FSI) is looking for a dedicated and responsible individual to fill the position of "Field Intern" from **January 13, 2020 through April 24, 2020**. During this time period, interns are expected to provide 15-20 hours (approximately 2-3 days) per week of assistance to FSI staff either in the field or at the FSI office located in High Springs. This position is unpaid.

As a Field Intern, you may be asked to complete the following tasks and objectives:

- Preparation for field work;
- Data collection and recording at various springs and rivers, including but not limited to the Santa Fe River springs, Middle Suwannee River springs, Silver Springs, Lower Rainbow River, Weeki Wachee Springs, and Lower Ichetucknee River;
- Computer entry of data collected during field events;
- Administrative tasks; and/or
- A final springs-related project to be determined at a later date.

These tasks will be completed under the direct supervision of FSI staff. Upon successful completion of the internship, as determined by your supervisor, you will receive a recommendation letter from the Florida Springs Institute (upon request).

An ideal candidate will:

- Be comfortable swimming, snorkeling, paddling, and/or being on a small boat in freshwater environments, such as springs and rivers with fast-moving currents;
- Have completed some college coursework in the sciences, such as biology, environmental science, zoology, geology, etc.; and
- Have a passion for springs and their protection and restoration.

All candidates **MUST**:

- Provide their own transportation to the FSI office and/or other off-site meeting locations; and
- Have access to a laptop that can be used throughout the internship period while working at the FSI office.

Interested candidates should email a cover letter that addresses why they are interested in this position and why they would be a good addition to the FSI Team, as well as a copy of their resume and their daily availability to FSI Environmental Scientist, Hillary Skowronski, at [hskowronski@floridaspringsinstitute.org](mailto:hskowronski@floridaspringsinstitute.org)

Applications will be accepted for this position through December 1, 2019. Applicants may be asked to attend an interview during or following the application period.

If you have any questions about this position or another internship position available with FSI, please contact us at (386) 454-9369.
